

Change in Transit Service Frequency 2006-2009

M Metropolitan Transportation Commission
 Planning, Financing and Coordinating
 Transportation for the nine-county
 San Francisco Bay Area

Research and Demographic Unit

Geographic Information Systems Unit

Attachment 3

Net Gain or Loss in Headways 2006-2009 (minutes)

- Reduced by 20 or more
- Reduced between 5 and 19
- Negligible Change
- Increased between 5 and 19
- Increased by 20 or more

Note:
 This map shows a comparison of Rail, Ferry and Bus daily hourly service frequencies for 2006 and 2009. Service levels are measured based upon the daily average number of times a stop occurs each hour, for each transit mode. The difference between 2009 and 2006 headways was calculated for all intersections with transit service.
